Re: Allroc Pit #A Permit Requirements, Allroc Rock Products LLC, Allroc Pit #1,  
M/035/018, Salt Lake County, Utah

Dear Ms. Morgan:

Thank you for your letter of November 1, 2002 explaining the situation surrounding the operation of your Allroc Pit #A located in Salt Lake County, Utah.

The Division has determined that because the rock product produced from this pit is a result of mining a solid rock mineral deposit, this operation must be permitted under the Utah Mined Land Reclamation Act. The permit application will require a map(s) outlining the areas affected by this mining operation. A mine development plan and reclamation plan for the current disturbances and future mine areas would also be required. Adequate reclamation surety for all areas considered a part of this operation must be in place upon the approval of the permit application.

For this reason, it is necessary for Allroc to acquire and submit all pertinent information related to an approved mine plan and reclamation surety that may have been filed with other city, county, state or federal regulatory agencies that pertains to this site. We will utilize this information to help us assess whether the current mining and reclamation plans and reclamation surety are sufficient. If this information is not available, then Allroc will need to file a new permit application and reclamation surety for this mine site with the Division.

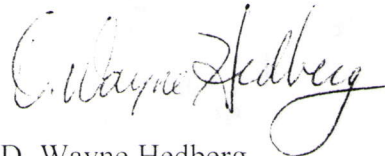

A copy of the Division's Notice of Intention to Commence Large Mining Operations, and the large mining administrative rules has been enclosed for your reference. Also enclosed is a

copy of the Division's draft reclamation surety estimate form for your use, if a new surety calculation for this site is required.

Please provide written notification to us by December 20, 2002, with the anticipated schedule for providing the existing mine permitting information for our review or a proposed schedule for filing the new application with this office. If you have any questions regarding this letter please contact me at (801) 538-5286 or Doug Jensen at (801) 538- 5382.

Sincerely,

A handwritten signature in cursive script, reading "D. Wayne Hedberg". The signature is written in dark ink and is positioned above the printed name and title.
